

OUTDOOR CREATION EXPERIENCES

FAIR HAVENS

Dear Parent/Guardian,

We are pleased that your child's class will be participating in an Outdoor Creation Experience at Fair Havens! This program is designed to assist schools by providing experiential education across our 130 acre outdoor classroom—emphasizing environmental stewardship & leadership training, curriculum connections, all while growing together in community. Activities will be coordinated by Program Director Ryan Lamoureux, and supervised by your student's teachers. For Christian & Catholic Schools, at your request, biblical debriefs from a Christian worldview will be shared with your student as program extensions while we learn about God's love, creativity & purposeful design for each of us showcased by the intricate details throughout His creation.

Since 1985, Fair Havens has been partnering with schools and serving families through year-round nature-focused learning. Fair Havens also equips leaders through the Stepping Stones discipleship program for high-school students and young adults through the summer, and post-secondary students in our 4-8 month internship programs. In addition, we facilitate retreat groups all year round, and we run a family camp in the summer for both you and your children to enjoy!

Please complete the student information that follows, to be returned to your child's teacher, and refer to the packing list below to best equip students for their scheduled trip.

OVERNIGHT PACKING LIST

- Packed lunch for bus ride on Day #1
- Clothing for EACH DAY to be comfortable outside - dress in 3 LAYERS (base + middle + outer)
