

# DISCOVER OUR OUTDOOR EDUCATION PROGRAMS

## ENVIRONMENTAL EDUCATION

*Programs such as...*

### ANIMAL CSI - CRITTER SIGNS INVESTIGATION

*Get equipped with binoculars & magnifying glasses to become wildlife detectives as you look for evidence of animal activity around the outdoor classroom.*

**Perfect for K-8!**

### INSTINCTS FOR SURVIVAL

*Make connections to your science curriculum like the animal food pyramid, habitat requirements for survival and carnivores/omnivores/herbivores in this classic game of tag through the forest!*

**Perfect for Gr. 5-8** Wolf Prowl (Level 2) for **Gr. 8-12**

### STRONG & STABLE STRUCTURES IN NATURE

*Explore how God's creatures build their homes on a guided nature hike. Learn the techniques of building a survival shelter & tying basic knots, then put your creativity & teamwork to the test by building a shelter to withstand the elements. **Grades 3-12***

### 10+ THEMED NATURE HIKES

*Connect to your science curriculum across Fair Havens 130 acre outdoor classroom with hands on learning experiences like **Soil Studies, Biodiversity, Habitat Hike, Invasive species & more!***

## ADVENTURE EDUCATION

*Programs such as...*

### ROCK CLIMBING & HIGH ROPES

*Have your students set personal goals & support each other to greater heights on our high ropes or rock climbing course! **(Grades 5-12)***

### CANOEING LESSONS

*Learn paddling techniques and explore the Trent-Severn waterway with guidance from our ORCKA certified instructors! **(Grades 5-12)***

**Voyageur Canoe Rides for Gr.2-4**

## SEASON SPECIFIC

### FALL OR WINTER

#### **Fur Trade & Voyageurs**

*Learn about the voyageurs & fur trade history through this interactive presentation & resource trading game.*

*Pair with our canoe lesson, voyageur canoe ride, snowshoeing or Winter Dene Olympics*

### WINTER

#### **Wilderness Fire-making**

*Learn how to responsibly gather campfire materials from the wild and successfully ignite a fire as a team, then enjoy a hot lunch together, brought by sled in the forest!*

### LOW ROPES & TEAMBUILDING

*Start your school year with a team oriented mindset through our uniquely challenging programs! **(Grades 5-12)***

### CROSS-COUNTRY SKIING & SNOWSHOEING

*Enjoy the great Canadian outdoors with a ski lesson or hike across the Outdoor Classroom with our full class set of equipment!*

*Our Outdoor Educators*

## WHAT WE DO

Through curriculum that advances classroom goals, students and staff alike learn to be responsible stewards of the environment. Above all else, we strive to see people considering JESUS in character, faith and reflection through a unique blend of adventure and environmental education programs called Outdoor Creation Experiences

## HOW WE DO IT

Our programs strive to make intentional connections to:

1. God
2. Creation
3. People
4. Curriculum

## WHAT MAKES US UNIQUE

What truly sets our organization apart is the opportunity to teach environmental education from a Christian worldview; showcasing the purposeful design & intentional creativity God has woven into His Creation. Romans 1:20
